## AmeriCorps VISTA Service Opportunity – EKY Floods Recovery Associates

---

The American Red Cross is seeking AmeriCorps members to serve a one year term supporting community recovery efforts following devastating floods impacting Kentucky and last July.

The American Red Cross' Mission is to prevent and alleviate human suffering in the face of emergencies by mobilizing the power of volunteers and the generosity of donors. After the emergency phase of a response has been completed, we turn to helping people recover and addressing lingering community needs.

VISTAs will support long-term recovery groups and partners by building capacity to allow for the recruitment and management of volunteers and volunteer groups, coordination of donations and construction projects, and the creation or enhancement of supporting processes and systems to improve partner group efficiency and productivity.

Members will gain tremendous experience in Disaster Services, Community Recovery, relationship management, project management, volunteer leadership, fundraising, donations management and general business.

Service opportunities are available in the following communities:

Jackson, Hazard, Hindman, Pikeville and Whitesburg in Eastern Kentucky.
